

Funeral Costs

Following an investigation by the Competition & Markets Authority (CMA) a number of issues across the funeral industry were highlighted, culminating in the Funerals Market Investigation Order 2021. This Order has made it a legal requirement for ALL funeral directors to publish a 'Standardised Price List' as well as an Additional Options Price List. This has been ordered in an effort to make it easier for the bereaved to compare 'like for like' funeral options from funeral directors - both small and large companies and assist them in their choices.

Iles and Vincent Funeral Services realise that managing funeral costs can seem daunting. To make sure everything is as transparent as possible for our clients we will give you a detailed estimate and explain the various options we provide.

Funeral Planning

A funeral plan is an ideal way to make financial provision for your funeral. It can also help to reduce the worry for loved ones and ensure they have access to expert help and support from their chosen local funeral director at what can be a difficult time.

A funeral plan enables you to cover your selected funeral director's costs. As long as the original firm carries out your funeral and your requirements don't change, your family won't be asked to pay a penny more for your funeral director's costs, regardless of how long you live or what happens to costs in the meantime.

On the practical side, you can choose the type of funeral you want, including any special wishes such as music and readings. This can provide real comfort to your family at a difficult time. You can plan your funeral in as much or as little detail as you'd like. You can also include a contribution towards third party funeral costs, such as the fees for cremation or interment, doctors' fees and payment to an officiant, to ease the financial burden for your family when the time comes.

Direct or Simple Cremation Options

We are aware that some families do not require any type of service at all or a very quiet, intimate, 'fuss free' service to say goodbye. We appreciate that these low cost, alternative funerals will not be an option that everyone feels appropriate, but for some families a direct or simple service relieves the time pressures or eases the financial burden sometimes associated with a traditional funeral or gives them the opportunity to create a more meaningful memorial ceremony or family gathering at a later date.

Direct/Unattended Burial £1100

This service includes: 🌸 Professional fee 🌸 Bringing the deceased into our care 🌸 Personal care of the deceased 🌸 Completion of all relevant paperwork 🌸 Provision of a hearse 🌸 Provision of funeral bearers 🌸 Visits to the chapel of rest 🌸 Basic coffin

**There will be an additional charge for the burial fee, for a new grave you will also need to pay for the plot; for an existing grave with a memorial in place, you may need to pay a removal/replacement fee. In addition the cemetery may charge a number of other fees.*
